

The primary purpose of this questionnaire is to assist in the best placement of each Cascadia Standard Poodle puppy. I take the breeding of my poodles very seriously and consider each and every puppy my responsibility for his or her lifetime. I stand by the health and temperament of each puppy and in return require that each puppy owner accept the ownership of their puppy very seriously. I appreciate your taking the time to fill out this questionnaire and hope that it serves not only as a way of getting to know you, but as a launching point for questions from you to me. I realize that it's lengthy but I hope that you take the time to fully answer each question. If there is anything that you want me know about you or your hopes for a puppy please feel free to add additional information to the backs of the pages.
